Public Relations, Branding & Identity | Crypto | Web3

It's a wrap on two truly eventful days at the **The Economic Times World Leaders Forum** in New Delhi.

One of the biggest highlights for me was listening to Prime Minister Narendra Modi's speech. His words "India will not miss any bus this time and will lead in adopting and manufacturing the technologies of the future" truly set the tone for where the country is headed. 🇮🇳

The forum brought together world leaders, policymakers, innovators and it was inspiring to be in the room with so many voices shaping tomorrow.

It was also great to see **Toby Gilbert**, CEO of **Coinweb Labs**, **Vugar Usi Zade**, COO of **Bitget** and **Sandeep Nailwal**, CEO of **Polygon Labs** representing our industry and bringing Web3 into the conversation on this platform and, in doing so, cementing crypto's place at the very heart of the global dialogue. 🚀

It's Day 2 at the @EconomicTimes World Leaders Forum and it's time for crypto to lead the center stage with @bitgetglobal, @0xPolygon, and @CoinwebOfficial. 🚀
